ABSTRACT

Iowa's 16 regional educational media centers are described. Following a brief overview of the history of the centers and of their current functions as service organizations which work with county and local agencies to improve instruction in the state's schools, two page discussions of each of the individual centers are presented. Specific details are provided on the background of each center, its staff, program and services, collection, circulation, delivery system, budget, and the number of schools, teachers and students which it serves. FOREWORD

Iowa's sixteen regional educational media centers were established in 1966 by the State Board of Public Instruction.

The centers, in simplest terms, are service organizations working cooperatively with county and local educational agencies for the improvement of instruction in Iowa's elementary and secondary public and non-public schools.

Although collectively they provide a variety of supplemental educational services, each center has developed an extensive collection of appropriate print and non-print materials available for use by all of the teachers and students in all of the schools.

The development and success of Iowa's sixteen regional educational media centers indicates a need for providing supplemental educational services from a regional level.

INTRODUCTION

Iowa's sixteen regional educational media centers had their beginning with the passage of the Elementary Secondary Education Act (ESEA) of 1965. Title II of the Act provides federal funds for the purchase of school library resource materials.

Iowa's State Plan for ESEA Title II approved in April 1966 by the United States Office of Education is unique. The plan provided the vehicle for the establishment of sixteen regional educational media centers. All ESEA Title II funds are allocated to these centers. A county Board of Education in each of the sixteen areas was selected as a sub-agency for ESEA Title II purposes. The County Superintendent of Schools and his board were given the responsibility for coordinating efforts of fellow educators and boards of education that would provide the leadership and financial support for the development of regional educational media centers.

The sixteen regional educational media centers in addition to their own program of services are utilized as the vehicle for supporting a number of pilot and statewide educational projects. One of the first programs was the Hawkes Music Series, a multi-media package for use with music instruction, grades K-2. The centers have been actively involved with varying special education and special needs projects. A special project of providing multi-media instructional materials in drivers and safety education was coordinated through the centers.

Two more recent projects include INFORMS and CNIR. INFORMS (*I*nformation *N*etwork *F*or *O*btaining *R*esource *M*aterials for *S*chools) is a project to provide local school personnel with educational research in the field of curriculum and instructional methods and materials. CNIR (*C*ooperative *N*etwork of *I*n-service *R*esources) is a program of resources including materials, people and services to encourage innovation in education and new emphasis in in-service programming.

We wish to express appreciation to all those individuals who contributed their time in the pre-planning and in supplying the data for this publication.

We hope this booklet will provide you with a greater understanding and interest in the many valuable educational services and materials available through the sixteen regional educational media centers in Iowa.

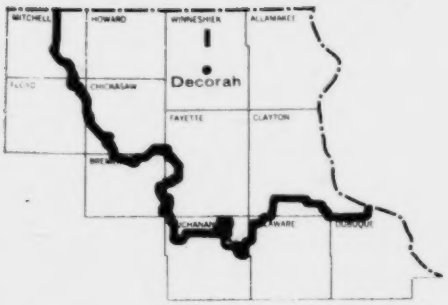
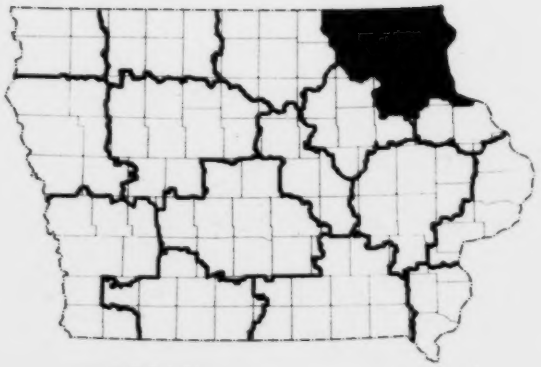
AREA I

Area I Media Center
305 Montgomery
Decorah, Iowa 52101
(319-382-4369)





HISTORY

The Area I Media Center was created in 1966 and grew slowly the first year. This soon changed with the selection of a director and the implementation of a program and services.

Since its creation, the center moved to a new home three times in five years. A bank basement was its first location and a renovated sawmill its second. It is presently housed in fourteen rooms on the ground floor of the Joint County School System building, the former Smith Memorial Hospital.

The center is open week days from 9:00 a.m. to 5:00 p.m., Tuesday evening until 8:00 p.m., and on Saturday morning from 9:00 a.m. to 12:00 noon.

STAFF

In June, 1967, the center's first and only director was appointed. Since then, a supportive staff of three clerks has been added to assist in the day to day operation of the center.

PROGRAM AND SERVICES

"The Area I Monthly," the center's newsletter, is cir parochial teachers in the area. A calendar for the month, materials, and practical classroom suggestions are usually issue. The center director devotes each Wednesday to visi the schools. Presentations to service organizations in th whenever possible.

The center stresses the multi-media concept, providir films, books, transparencies, filmstrips, tape recordings, slid and kits. Inservice professional meetings and consultative s center also participated in the pilot program, Project INFO

eek days from 9:00 a.m. to 5:00 p.m., Tuesday evening turday morning from 9:00 a.m. to 12:00 noon.

nter's first and only director was appointed. Since then, a clerks has been added to assist in the day to day operation of the center.

PROGRAM AND SERVICES

"The Area I Monthly," the center's newsletter, is circulated to all public and parochial teachers in the area. A calendar for the month, coming attractions, new materials, and practical classroom suggestions are usually a part of each month's issue. The center director devotes each Wednesday to visiting personnel in one of the schools. Presentations to service organizations in the community are made whenever possible.

The center stresses the multi-media concept, providing 16mm and super 8mm films, books, transparencies, filmstrips, tape recordings, slides, study prints, models, and kits. Inservice professional meetings and consultative services are available. The center also participated in the pilot program, Project INFORMS.

COLLECTION

The approximate value of the collection is $345,000. It consists of over 26,000 volumes of books; 1,200 16mm films; 350 super 8mm films; 3,500 colored slides; 10,000 transparencies; and numerous recordings, and art and study prints.

CIRCULATION

Circulation of materials and requests for services have grown each year. During the 1972-73 school year, over 87,000 books and 18,000 16mm films were circulated.

DELIVERY

Schools in three counties, Allamakee, Howard, and Winneshiek, have daily delivery of materials in conjunction with a special education program operated by this joint, three county school system.

Mail delivery of films is provided for all schools

Mail delivery of films is provided for all schools in the area.

BUDGET

The operating budget is based on actual expenditures. The share paid by each county is based upon its student population. 75% of ESEA Title II monies is expended for non-print materials and 25% for print materials, as recommended by the selection committees and approved by the Area I Media Program Board.

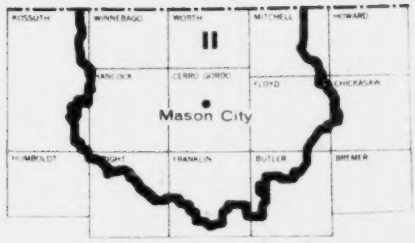
The Area I center has received a total of $403,023.95 from ESEA Title II for the purchase of materials.

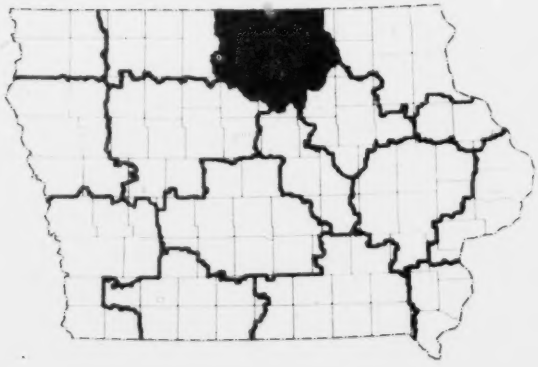
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Area I serves twenty-two K-12 school districts plus seven nonpublic schools. All materials and services are available to over 1,500 teachers and 28,500 students.

AREA II

Area II Educational Media Center
2111 South Federal
Mason City, Iowa 50401
(515-424-5154)





HISTORY

The Area II Educational Media Center began in 1966 and was located in the Cerro Gordo County Courthouse. However, in 1967 it moved to the present location when the Joint County System of Cerro Gordo, Floyd, Mitchell and Worth Counties was formed.

The center now shares the facility located at 2111 South Federal in Mason City with the offices of the Joint County School System. Because the center has outgrown this facility, plans to expand in 1973-74 are being considered.

During the school year, the center is open Monday through Friday, 8:00 a.m. - 4:00 p.m., and until noon on Saturday. On Monday evening the center is open from 7:00 to 9:00 p.m.

STAFF

The staff of the center has grown since its beginning in 1966 to the equivalent of six full-time members. The duties and responsibilities of the six members are divided. They are designated as library clerks, audio inspectors.

The county superintendent of the Joint County Sys the center.

PROGRAM AND SERVICES

The program and services of the center are aimed at and audiovisual resources of the local schools within its ar films, Hawks Music Kits, special education materials ar non-print materials may be borrowed. Catalogs of all s provided to the schools served.

New and pertinent information on services and activi circulated to all school personnel whenever appropriate. tours are arranged for community groups and others upon

since its beginning in 1966 to the equivalent nd responsibilities of the six members are divided. They are designated as library clerks, audiovisual clerks, and film inspectors.

The county superintendent of the Joint County System serves as director of the center.

PROGRAM AND SERVICES

The program and services of the center are aimed at supplementing the library and audiovisual resources of the local schools within its area. Library books, 16mm films, Hawks Music Kits, special education materials and equipment, and other non-print materials may be borrowed. Catalogs of all services and materials are provided to the schools served.

New and pertinent information on services and activities of the media center is circulated to all school personnel whenever appropriate. Visitors are welcome, and tours are arranged for community groups and others upon request.

COLLECTION

Over 27,000 volumes of books plus a variety of selection tools comprise the print collection. The non-print collection consists of over 1,400 16mm films, 500 colored slides, recordings, filmstrips, transparencies, kits, and art prints.

CIRCULATION

Circulation of materials has increased significantly and steadily each year. During the 1972-73 school year, the center circulated 38,000 books and 17,500 16mm films.

DELIVERY SYSTEM

Delivery of non-print materials is provided by the U.S. Postal Service. Overnight service to all schools, except two, is provided by this mail system. No other delivery of materials is available.

BUDGET

The budget for the 1972-73 school year is $3
Title II fiscal 1973 funds of $55,027.00 allocated for
resources. Five cooperating county school systems

BUDGET

The budget for the 1972-73 school year is $35,534.50, exclusive of ESEA Title II fiscal 1973 funds of $55,027.00 allocated for the purchase of school library resources. Five cooperating county school systems pay the operating costs on a pro-rata amount based on the local school population.

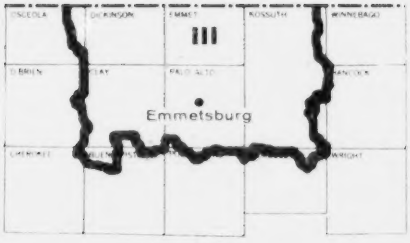
Since 1966, Area II has received a total of $425,359.77 in ESEA Title II funds for the purchase of materials.

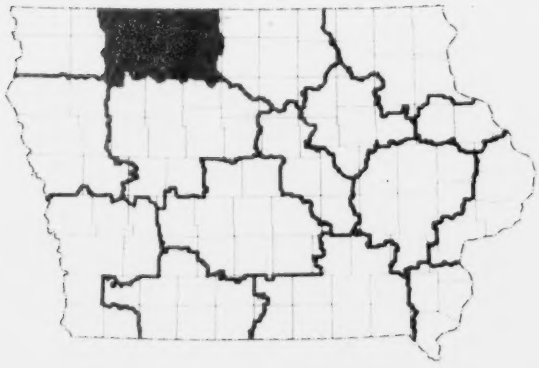
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Area II serves twenty-nine community school districts and eleven nonpublic schools in nine northern Iowa counties. There are 117 school buildings, 33,459 students, and 2,039 teachers.

AREA III

Area III Material Center
Palo Alto County Annex
1001 1/2 Broadway
Emmetsburg, Iowa 50536
(712-852-2572)





HISTORY

The early history of this center indicates that it experienced some rather difficult times. Resistance to change and lack of enthusiasm for the concept seemed to be responsible. However, after a somewhat stormy beginning, the Area III Material Center emerged with the necessary support and acceptance.

The formation of a center advisory committee, consisting of the county superintendents, one county board member, and a local school district superintendent from each county to form and recommend policies, was a key factor in the center's development.

The media center and the offices of the county superintendent share the present facility at 110½ Broadway in Emmetsburg. Activities of both offices utilize all available space and restrict the addition of any new programs or services.

The center is open Monday through Friday, 8:00 a.m. to 5:00 p.m.

STAFF

The center's staff includes a library-media specialist, an office manager, an audiovisual clerk, a van driver, two part-time library cle clerks.

The Palo Alto County Superintendent serves as cente

PROGRAM AND SERVICES

The program and services provided by the center attempt to meet the needs of those served.

y-media specialist, an office manager, an audiovisual clerk, a van driver, two part-time library clerks, and two audiovisual clerks.

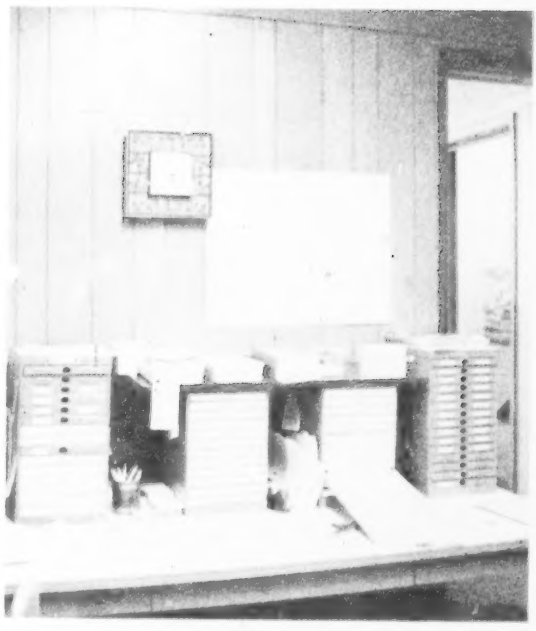
The Palo Alto County Superintendent serves as center director.

PROGRAM AND SERVICES

The program and services provided by the center continue to grow in its attempt to meet the needs of those served.

Services which the center provides include a large collection of library books and other printed materials, an extensive 16mm film library, cassette tape duplication, dry mount press and other facilities for use in local production of materials, Hawks Music Kits, and special education materials and equipment.

Every effort is made to give the media center as much publicity as possible. Although a regular newsletter may be a possibility later, letters and memorandums explaining policy changes, addition of new materials, or items of general interest are sent periodically to teachers and administrators in the area.



COLLECTION

The collection of print and non-print materials continues to grow in depth and breadth each year. A recent inventory shows the center to have over 18,000 volumes of books; 1,050 prints of 16mm films; almost 1,000 colored slides; 100 transparency masters; 70 reels of microfilm; and a number of multi-media kits.

CIRCULATION

Statistics show circulation of 16mm films has risen steadily each year. Circulation of books has varied. A significant increase in this area is expected from several recent changes made in the program. Requests for an average of over one hundred films per day are received at the center. During the 1972-73 school year, 8,035 books and 18,532 16mm films were circulated.

DELIVERY SYSTEM

Beginning in the fall of 1969, a delivery system was initiated. A regular weekly stop at each school in the five county area
of the service.

EM

fall of 1969, a delivery system was initiated. A regular weekly stop at each school in the five county area has been maintained since the initiation of the service.

BUDGET

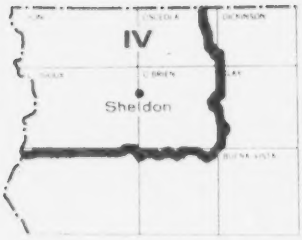
Funds for the center's budget are derived primarily from two sources. Almost all of the money for the purchase of materials comes from federal ESEA Title II funds, and to date the center has received $297,432.85. Funds for the operating expenses of the center are provided by the county boards of education. Each county contributes one dollar per census child.

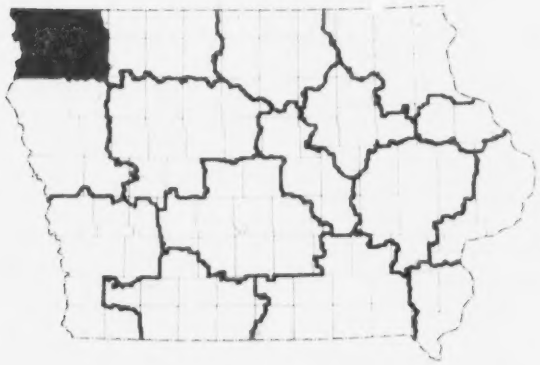
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Area III serves twenty-eight K-12 school districts plus twelve nonpublic schools. All materials and services are made available to approximately 85 schools, 21,000 students and 1,250 teachers.

AREA IV

Educational Resource Center
922 - 4th Avenue
Sheldon, Iowa 51201
(712-324-2254)





HISTORY

In September of 1967, the Area IV Educational Resource Center was established in the basement of the old U.S. Post Office in Sheldon. In 1970 it moved to its present location in the former Sheldon Public Library. This facility is shared with the Area IV Special Education Services.

Since moving to this site, the center has expanded, with the addition of a loading room and a ramp. This addition facilitates the transportation and distribution of materials and provides needed storage space.

The center is open Monday through Friday from 8:00 a.m. to 5:00 p.m. Saturday's schedule is by request or special appointment.

STAFF

The first member of the center's staff was appointed in September, 1967. Presently, the staff consists of three full-time non-professional employees and several part-time employees.

The role and duties of the director are shared by the Lyon County superintendent and one of the full-time staff members.

PROGRAM AND SERVICES

Services of the center include the circulation
the Hawk Music Kits, and specialized materials in th
career education.

The current newsletter, "Facts and Facetiae
personnel in the area and provides information
meetings, successful ideas and practices, and other i
bulletins, and the annual end-of-the-year report, dis
keeping the schools and clientele informed.

special appointment.

ter's staff was appointed in September, 1967.
ree full-time non-professional employees and

director are shared by the Lyon County
me staff members.

PROGRAM AND SERVICES

Services of the center include the circulation of library books, 16mm films, the Hawk Music Kits, and specialized materials in the areas of special education and career education.

The current newsletter, "Facts and Facetiae", is distributed to all school personnel in the area and provides information on new materials, in-service meetings, successful ideas and practices, and other items of general interest. Letters, bulletins, and the annual end-of-the-year report, distributed as appropriate, assist in keeping the schools and clientele informed.

In 1971, a special needs project, planned by a committee composed of about twenty educators and community personnel, prepared a manual for use in developing pre-career attitudes in grades K-6 and purchased books and films to assist in the implementation of the project. A manual, *Pre-Career Attitudes K-6 - It's For Everyone's Children,* providing information on the materials and project was prepared and distributed to all K-6 teachers.

COLLECTION

The center's collection of books and 16mm films is tied closely to its philosophy that the function of the center is to provide appropriate educational media for the children in the schools served.

The size of each of the collections has more than doubled since the center's beginning in 1967. Today, the book collection exceeds 18,000 volumes, and the 16mm film collection exceeds 1,000 prints.

CIRCULATION

The circulation of materials has increased steadily since the center's beginning. Film circulation records show that the demand continues to exceed the supply.

During the 1972-73 school year, film circulation reached 14,500, and book circulation totaled 42,900.

DELIVERY SYSTEM

The U. S. Postal System provides delivery of films, which are mailed to each school daily. Overnight delivery to every school in the area is routine. Local school personnel go to the center for books and other print materials.

BUDGET

The operating budget for 1972-73, exclu

ks and other print materials.

BUDGET

The operating budget for 1972-73, excluding ESEA Title II funds, is $37,059. Of this amount, $23,685 will be derived from funds from four country boards of education. $9,000 will come from a fifty cent per pupil per year fee paid by each local school district. The balance comes from miscellaneous sources of funds.

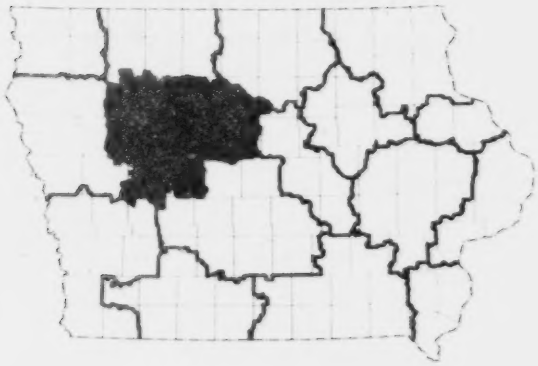
The federal funds are used to purchase media, and the funds from local sources are used for housing, circulating, processing, and maintaining the media purchased. ESEA Title II funds received by Area IV for the purchase of materials total $262,474.48.

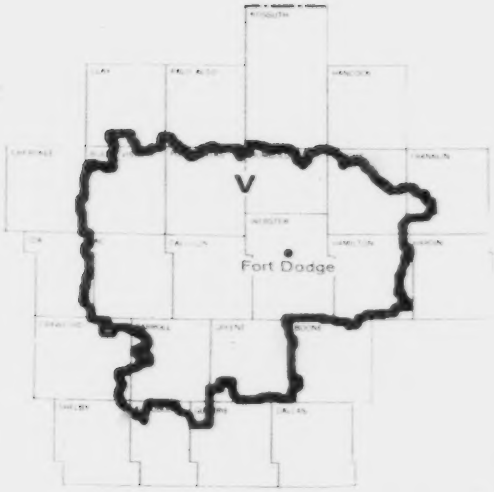
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

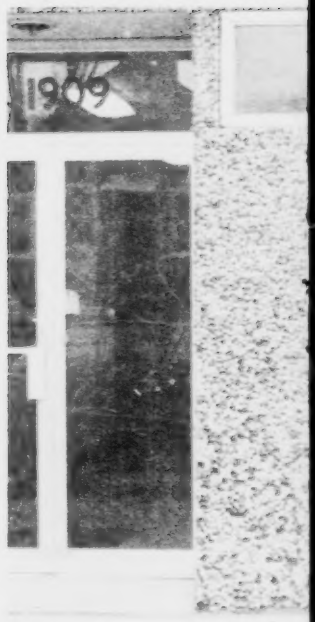
Nineteen K-12 public school districts and twenty-nine nonpublic schools are served by the Area IV center. In the four county area, this includes 79 school buildings, 17,338 students, and 1,200 teachers.

AREA V

Instructional Materials Center
1909 First Avenue North
Fort Dodge, Iowa 50501
(515-576-3117)







HISTORY

The Area V Instructional Materials Center serves ten counties in north central Iowa. 1909 First Avenue North, Fort Dodge, has been its only location. This facility provides almost 3,000 square feet of space for the center, with more room readily available for expansion.

The center is open Monday through Friday, 8:00 a.m. to 4:30 p.m., and from 8:00 a.m. to 10:30 a.m. on Saturday. During the month of September, the center is open Monday evenings 7:00 to 9:00 p.m.

STAFF

Administration of the center is the responsibility of the director. An assistant, two clerks, one inspection machine operator, and a van driver/inspection machine operator complete the present staff of six.

PROGRAM AND SERVICES

New services and programs are made available a
services include the circulation of library books, 16mm
Kits. Also provided are a retrieval system service and
education teachers in the area. It is the practice of the

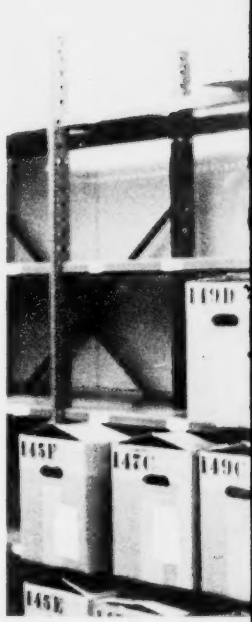
sponsibility of the director. An assistant,
tor, and a van driver/inspection machine

PROGRAM AND SERVICES

New services and programs are made available as the need arises. Present services include the circulation of library books, 16mm films, and Hawks Music Kits. Also provided are a retrieval system service and specific services to special education teachers in the area. It is the practice of the center to box books on the basis of subject matter, grade level, or both. Book selections are made with this in mind.

Local newspapers and radio and TV stations are used to keep everyone in the area informed of the center's activities. Periodic reports by center personnel are made to the Area V superintendents at their regular monthly meeting. A newsletter, "The Joint County Commentator", is distributed to each school in the area.

This center participated in the pilot program, Project INFORMS.



COLLECTION

Approximately 2,300 16mm films and 34,000 books are housed in the center. In addition, there are a variety of multi-media kits along with some materials available only to special education teachers.

CIRCULATION

Circulation records show a continued increase in the number of books and films requested and circulated. During the 1972-73 school year, the center circulated 90,750 books and 30,514 16mm films in Area V.

DELIVERY SYSTEM

Films are mailed from the center on Friday and Saturday each week. They should be in the appropriate school the following Monday morning and are placed in the return mail by Thursday afternoon.

Books are delivered and picked up on a monthly

Books are delivered and picked up on a monthly basis by van. A stop is made at each public school administrative center in the ten county area.

BUDGET

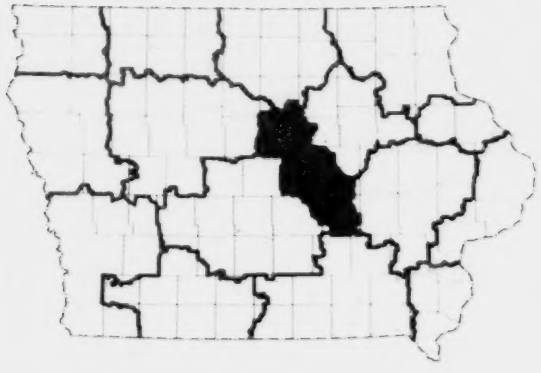
A large share of the current $49,000 operating budget is received from county boards of education in each of the ten counties. A 65 cent fee per census child is currently contributed by each of the counties. Occasionally, a small service fee is collected and used to purchase additional materials. However, most of the materials are purchased with ESEA Title II funds, a total of $503,379.39 since 1966.

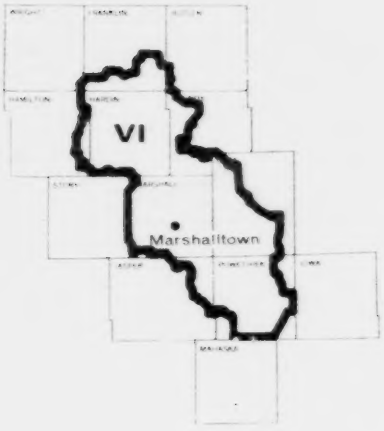
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

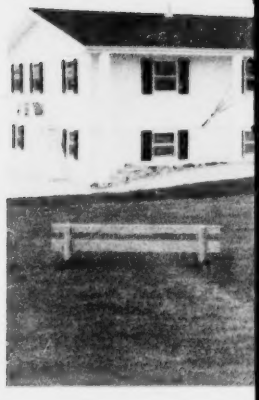
Almost 50,000 students and 3,000 teachers in fifty-one K-12 public school districts and twenty-nine nonpublic schools are served by the center.

AREA VI

Area Six Resource Center
9 Westwood Drive
Marshalltown, Iowa 50158
(515-752-1578)







HISTORY

The Area VI Resource Center began in 1966 in the County Courthouse in Marshalltown. It moved to a remodeled animal hospital and then to a remodeled meat market. In 1970, it moved to its present facility, the basement of a building leased by the Joint County System.

The center is open daily, Tuesday through Friday, 8:00 a.m. to 5:00 p.m. and from 8:00 a.m. to 9:00 p.m. on Monday.

STAFF

The center began with a staff of two, a librarian and a driver/clerk. The director, a librarian, a driver, and six clerks comprise the current staff of nine.

PROGRAM AND SERVICES

Basic services of the center include circulation of print and non-print materials, distribution of materials catalogs to all tea programs for teachers and groups concerning the serv services and printing services are available on a limited System.

In cooperation with the Joint County System, the the materials for CNIR (Cooperative Network of In-S Title III state-wide project. The center also participated

circulation of print and non-print materials, distribution of materials catalogs to all teachers served, and in-service programs for teachers and groups concerning the services of the center. Graphic services and printing services are available on a limited basis from the Joint County System.

In cooperation with the Joint County System, the center houses and circulates the materials for CNIR (Cooperative Network of In-Service Resources), an ESEA Title III state-wide project. The center also participated in Project INFORMS.

A monthly bulletin containing information about new materials, new programs, and activities at the center is distributed to all teachers. A staff member is available to explain the center's program to any interested group.

COLLECTION

The present collection consists of some 3,400 16mm films and other audiovisual materials and approximately 21,300 print items, including books, microfiche, and periodicals.

CIRCULATION

Circulation of materials has increased each year of operation. Currently, three-fourths of the film collection circulates each month, and total circulation averages 9,000 items. During the 1972-73 school year, 36,990 books and 41,312 16mm films were circulated.

DELIVERY SYSTEM

Weekly delivery is made to each school building and many administrative offices in Area VI. The delivery van covers 700 miles and makes some 90 stops each week, delivering and picking-up materials.

BUDGET

The operating budget is based on a per-pupil served. This amount, seventy-five cents per studer per student in 1972-73. Materials are purchased f of $311,605.92 since 1966.

Decisions regarding the services and the budg executive committee, composed of the county su

BUDGET

The operating budget is based on a per-pupil assessment paid by the counties served. This amount, seventy-five cents per student in 1966-67, has risen to $2.40 per student in 1972-73. Materials are purchased from ESEA Title II funds, a total of $311,605.92 since 1966.

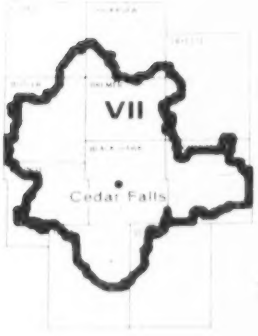
Decisions regarding the services and the budget of the center are made by an executive committee, composed of the county superintendents of the area served.

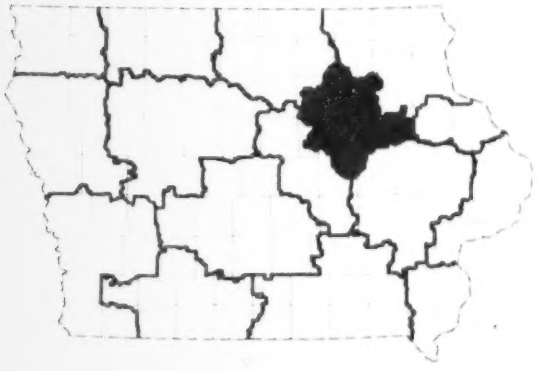
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Area VI serves twenty-two K-12 school districts plus seven nonpublic schools. The materials and services are available to approximately 1,450 teachers and 24,500 students.

AREA VII

Area VII Educational Media Center
314 East 14th Street
Box 763
Cedar Falls, Iowa 50613
(319-277-3335)





HISTORY

The basement of the courthouse in Waterloo was the first home of the Area VII Educational Media Center. Later it moved to 501 Jefferson Street in Waterloo. On January 10, 1972, the center moved to its present location in Cedar Falls, a remodeled car agency garage shared with its sub-agent, the Joint County System of Black Hawk and Buchanan Counties.

The center is open Monday through Friday, 8:00 a.m. to 5:00 p.m., and on Monday evening until 8:00 p.m.

STAFF

The present staff includes a director, a personnel supervisor, and six clerical workers.

PROGRAM AND SERVICES

The program of the center is designed to me
under the Iowa Plan. Fundamentally, it is the su
the public and private school children in Area VII.

In response to local needs, the center has a

PROGRAM AND SERVICES

The program of the center is designed to meet the purposes of ESEA Title II under the Iowa Plan. Fundamentally, it is the supplying of supplemental media to the public and private school children in Area VII.

In response to local needs, the center has acquired specialized collections of materials in minority group history and sociology and in film study.

A newsletter, "The Center Line", is distributed six times a year to all school personnel served. In addition, catalogs of available materials are distributed to help provide efficient use of the collection.

Area VII participated in the pilot program, Project INFORMS.

COLLECTION

The center's collection consists primarily of 2,217 16mm films and 49,961 library books. During the last two years, media in other formats such as sound-filmstrips and multi-media kits have been added.

CIRCULATION

Circulation statistics for the 1972-73 school year show a definite increase over the previous year. During this time, 55,000 books and 34,500 16mm films were circulated.

DELIVERY SYSTEM

Although the center does not maintain its own delivery system, over 50% of the circulated materials are delivered daily by a truck that the largest urban school districts provide for themselves.

BUDGET

Most materials for the center have been purchased w
total of $670,824.60 since 1966.

The operational budget is supplied by the cou
per-pupil basis. In 1972-73, this amount was $1.15 per

BUDGET

Most materials for the center have been purchased with ESEA Title II funds, a total of $670,824.60 since 1966.

The operational budget is supplied by the county school systems on a per-pupil basis. In 1972-73, this amount was $1.15 per pupil. A total of $55,569 was provided for salaries, rent, telephone, postage, and other operating costs.

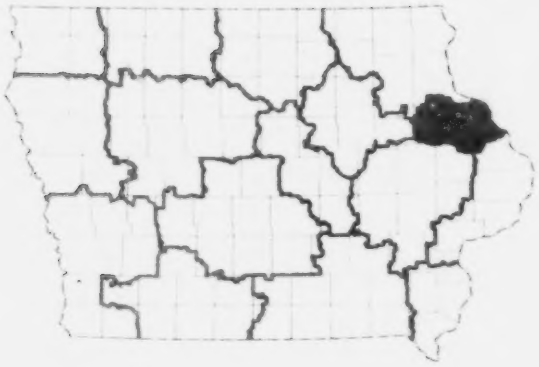
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

During the 1972-73 school year, the center served 47,587 public school students and 2,472 public school teachers in 126 building; 4,930 nonpublic school students and 248 nonpublic school teachers in 19 buildings; and 729 state-supported school students and 64 state-supported school teachers.

Because the center is located at the geographic center of Area VII, sixty per cent of the student population served live within ten miles of the center.

AREA VIII

Area VIII Instructional Materials Center
Conlin Building
1473 Central
Dubuque, Iowa 52001
(319-588-0388)



HISTORY

The Area VIII Instructional Materials Center is presently in its third location since it was implemented in 1967. From the courthouse, the center moved to a store on Central Avenue, and then to its present planned facility at the Conlin Building where it occupies the first floor.

This facility provides space for activities as well as the housing and circulation of materials and equipment. The main area is comprised of a video-taping and equipment room, library processing room, director's office, printing room, staff room, and a large, open space containing film stacks and circulation desk, book stacks and circulation area, film inspection and routing area, and garage facilities for two trucks. An addition in 1972 provides rooms for multi-media, darkroom, and theater or conference area. A meeting room is available on the second floor as needed.

The center is open every Monday through Thursday from 8:00 a.m. to 7:30 p.m. On Fridays, the hours are 8:00 a.m. to 5:00 p.m. Saturday's hours are from 9:30 a.m. to 12:00 noon.

STAFF

The staff consists of a director; an administrative assistant; film, multi-media, library and distribution managers; several full-time, personnel; and two van drivers. In addition, teachers w employed as needs are identified to act as consultants in

trative assistant; film, multi-media,

library and distribution managers; several full-time, part-time, and volunteer personnel; and two van drivers. In addition, teachers with special competencies are employed as needs are identified to act as consultants in workshops or projects.

PROGRAM AND SERVICES

An important aspect of the center is its in-service programs which feature film study, curriculum improvement, basic media methods, and minicourses. A full range of media services is offered to teachers. Video-taping, printing services, photography, filmmaking, materials selection aids, equipment loan, special education materials, and a professional book library bring the new technology within reach of each attendance center. The center also participated in Project INFORMS.

A newsletter distributed to personnel in all of the schools served is published monthly. In addition, catalogs, flyers, and brochures are prepared and circulated whenever appropriate. Personal visits by the center staff to individual schools are made each year.

COLLECTION

Included in the present collection are over 38,000 volumes of books; 2,000 16mm films; almost 2,000 slides; and hundreds of 8mm films, transparencies, recordings, and other media.

Media selection and purchasing are carefully coordinated by a selected committee and an advisory board composed of curriculum specialists, teachers, and administrative personnel.

CIRCULATION

Circulation records for the first semester of the 1972-73 school year indicated that items with a rental value of over $95,000 were circulated. These included films, library books, professional books, and multi-media items. During the total school year, book circulation reached 43,600, and 16mm film circulation reached 28,300.

DELIVERY SYSTEM

Twice a week delivery of films, books and multi-media materials is made to each attendance center in the five school dis

each attendance center in the five school districts within the two counties. Materials are delivered at no charge to both public and nonpublic schools.

BUDGET

The Dubuque and Delaware County Boards of Education support the IMC with a $120,052 budget. This administrative and operational cost of the center is supported mainly by Dubuque County, due to its large enrollment.

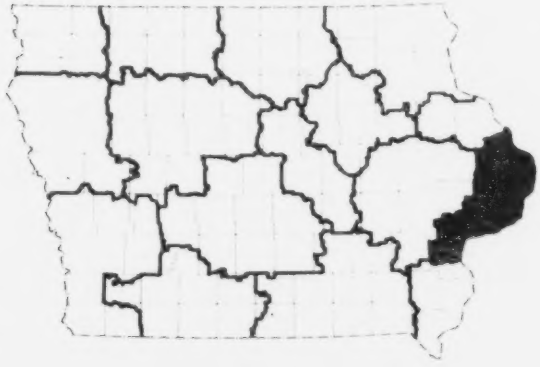
Funds for the purchase of materials are primarily from ESEA Title II, from which Area VIII has received a total of $584,494.58.

NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Area VIII serves five school districts, 76 school buildings, 33,123 students, and 1,738 teachers. Approximately one-third of these students attend nonpublic elementary and secondary schools.

AREA IX

Area IX Instructional Materials Center
2604 West Locust Street
Davenport, Iowa 52804
(319-391-7982)



HISTORY

In January, 1967, the Area IX Instructional Materials Center began operation. The first materials loaned to schools were 16mm films sent by mail. In the summer of 1967, a director-audiovisual specialist, a librarian, and several supportive personnel were appointed. Delivery of materials by van started in November, 1967. Jackson County was assigned to Area IX in 1971.

In 1972 the center moved to a combined facility with the Muscatine-Scott County School System. The I.M.C. occupies 8,700 square feet and has access to a 900 square foot conference room. Included in the I.M.C. are a professional library, preview and recording room, production room, darkroom, film and book libraries, check-in area, loading area, processing area, storage, and a professional office.

During the regular school year, the center is open 49 hours a week including Monday evening. Monday hours are 8:00 to 8:30 p.m. Tuesday through Friday hours are 8:00 a.m. to 5:00 p.m.

STAFF

At the present time, the center staff includes three certified members, a director, an audiovisual specialist, and a librarian. Supportive personnel includes two van drivers, one printer, seven secretaries/media aides, and part-time aides.

PROGRAM AND SERVICES

The basic programs consist of supplying s
films, transparency originals, and in-service pro

er staff includes three certified members, a nd a librarian. Supportive personnel includes cretaries/media aides, and part-time aides.

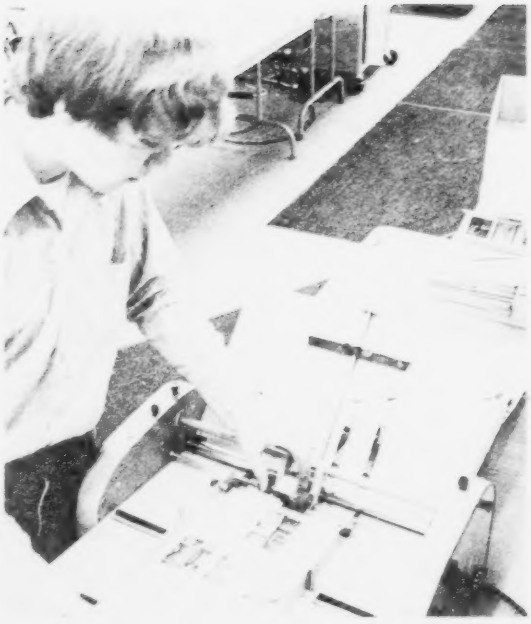
PROGRAM AND SERVICES

The basic programs consist of supplying supplemental library books, 16mm films, transparency originals, and in-service programs for the schools. Production services include off-set and poster printing, laminating, dry mounting, photography, transparency making, and audio and video tape assistance.

The center prints and distributes updated catalogs of the materials available to the schools. These catalogs include a film catalog, a K-6 book catalog, a 7-12 book catalog, and a professional materials catalog. The book and film circulation data is computer processed, and each teacher who checks out books is furnished with a computer listing.

PREP, a monthly research publication, is reproduced and distributed at no cost to each school administrator. Additional copies are reproduced and sent to other centers on a contract basis. The Muscatine-Scott Educational Consultants work cooperatively with the I.M.C. staff in previewing and selecting of materials and presenting in-service programs.

Special presentations and brochures are given to community leaders and visitors explaining the services and projects of the center. A monthly bulletin listing the activities, workshops, and/or projects is sent to each educator in the area. The center also participated in Project INFORMS.



COLLECTION

The collection of materials presently available from the center includes over 90,000 volumes of supplementary library books; 3,600 16mm film prints; 1,500 sets of transparency masters; and 5,200 professional items.

CIRCULATION

Since the 1967-68 school year, circulation has increased almost 250%. During the 1972-73 school year, book circulation totaled 160,362, and 16mm film circulation reached 42,132.

DELIVERY SYSTEM

Vans deliver to and pick up materials from the local schools twice a week. Special runs are made to the local districts when the loads are beyond the capacities of the regular runs. Orders are sent in by van or mail; however, many teachers prefer to visit the center and leave with the material they select.

BUDGET

An operational budget of $176,376 is provi
II funds totaling $868,095.51 have been used t

materials from the local schools twice a week. istricts when the loads are beyond the capacities nt in by van or mail; however, many teachers with the material they select.

BUDGET

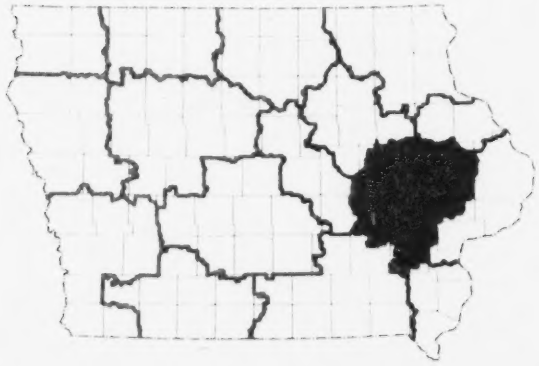
An operational budget of $176,376 is provided from local funds. ESEA Title II funds totaling $868,095.51 have been used to purchase materials. All schools receive all of the center's services without a service charge. These services include loaned materials with a rental value in 1971-72 of $450,000. In addition, consultant services and printing/ production services were provided with no rental value declared.

NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

The Area IX Instructional Materials Center serves 72,000 students within the twenty-five public school districts and twenty-nine nonpublic schools located in the area. There are 190 attendance centers with 3600 teachers.

AREA X

RESA Instructional Materials Center
P. O. Box 1406
4401 Sixth Street Road, S.W.
Cedar Rapids, Iowa 52406
(319-366-7601)



HISTORY

In 1966, when federal monies became available to establish a media center in each of the sixteen designated areas, several county school systems of Area X had their own film and book libraries.

In 1967, the Linn County School System relocated its offices in the Old Post Office Building in Cedar Rapids. The necessary facilities were provided for the emerging Area X media center. In 1969, the center moved to its present location at Hawkeye Plaza.

The center is open Monday through Friday from 8:00 a.m. to 5:00 p.m. During the school year, the center is open Saturday morning from 8:00 a.m. to 12:00 noon.

STAFF

The staff of the center is a part of the Division of Instructional and Media Services. A coordinator has the primary responsibility for the administration and operation of the center. A certified librarian, an assistant librarian, two secretaries, three van drivers, and fourteen clerks/assistants complete the staff.

PROGRAM AND SERVICES

rks/assistants complete the staff.

PROGRAM AND SERVICES

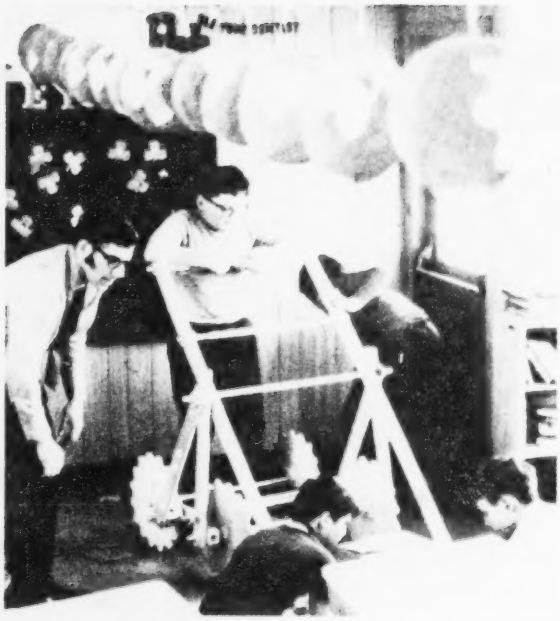
The materials lending library includes books, 16mm films, and a variety of multi-media materials. INFORMS, ERIC, PMRS, and specialized materials for special education are available resource tools.

Having full printing capability, the center provides numerous production services: off-set printing, varityping, transparency production, photography, and tape duplication.

Audiovisual services include video-taping, tape duplication, and the loan of equipment.

Special features are the Pilot Center Program to promote the development of media centers at the local school level and the curriculum laboratory, housing over 11,500 different items.

"The Newsletter" is distributed monthly to inform schools of innovative programs, projects, special in-service workshops, conferences, and other items of general interest.



COLLECTION

The center's main library contains over 72,000 books. More than 5,200 16mm films are available in the film library. These collections are supplemented with over 1,500 recordings and hundreds of transparencies, filmstrips, study and art prints, loops, kits, and models. A card file of all available materials is placed in each building served.

CIRCULATION

The number of items circulated has increased each year. During the 1972-73 school year, book circulation reached 140,000, and film circulation reached 71,500. Films are scheduled by computer and are available on half-week cycles.

DELIVERY SYSTEM

Four delivery vans provide bi-weekly delivery of instructional materials to all schools served by the center.

Van drivers and other members of the media staff take pride in seeing that all materials leaving the center are in excellent condi schools on the proper day and time.

BUDGET

An annual budget of over $460,000 is pro library, the curriculum laboratory, and the de $125,000 of the annual budget amount is provided

BUDGET

An annual budget of over $460,000 is provided for the materials lending library, the curriculum laboratory, and the delivery system. Approximately $125,000 of the annual budget amount is provided by ESEA Title II funds.

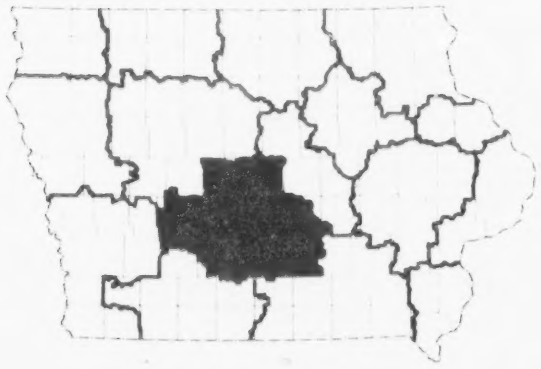
Since its establishment in 1966, the center has received $845,759.24 in ESEA Title II funds.

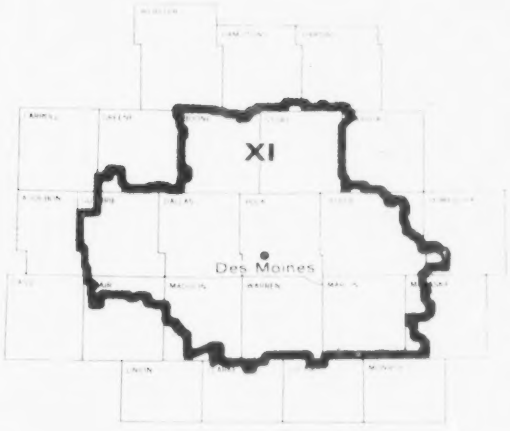
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Service is provided to twenty-five public school districts and thirty-two nonpublic systems with over 78,000 students and 4,621 teachers in 241 school buildings.

AREA XI

Regional Media Center for Area XI
112-116 Eleventh Street
Des Moines, Iowa 50309
(515-284-6171)





HISTORY

Since 1966, the Area XI Regional Media Center has been located in the Polk County Office Building, sharing this facility with one other governmental office. The center uses two floors of the building. The film library and the production area occupy the first floor, and all other materials are on the sixth floor.

The center is open on Monday from 8:00 a.m. to 5:30 p.m. and on Tuesday through Friday from 8:00 a.m. to 5:00 p.m.

STAFF

The center is operated by three certified personnel plus supportive personnel. The certified personnel include a media specialist who acts as the center's director, a librarian, and a media/curriculum consultant. The supportive personnel include a secretary, two film inspectors, one delivery driver, an information clerk, and six full-time and one half-time processing clerks. Three co-op students who work in media production are also on the staff.

PROGRAM AND SERVICES

Films, books, and other media are provided to teachers at no cost to the local districts.

s. Three co-op students who work in

ided to teachers at no cost to the local districts.

Recently, a production service was developed to supplement those of the local school districts. The center develops material not commercially available and provides production services which are too expensive for most individual districts. Included are the production of multi-media programs, 16mm films, filmstrips, graphic work, pamphlets, roll laminating, and tape duplication. The utilization of these materials is enhanced through workshops and inservice.

A bi-monthly publication, "The World of Media", is sent to each teacher to provide current information regarding the center and current use of media. Other pamphlets and brochures are published as needed. Multi-media presentations are developed to aid local school districts in informing the public about their school and about new programs.

In cooperation with others, the center was instrumental in the recent production of a tape-slide presentation on the Regional Educational Media Centers in Iowa.

This center also participated in the pilot program, Project INFORMS.

COLLECTION

The collection has grown to include over 6,000 16mm films; 80,000 volumes of books; and hundreds of multi-media programs. An initial collection of selected print materials in a microfiche format was made available last year.

CIRCULATION

The center's circulation statistics show a definite increase each year. During the 1972-73 school year, 60,000 16mm films and 130,000 books were circulated in addition to thousands of multi-media programs.

DELIVERY SYSTEM

One driver and one van deliver all of the materials to all the school districts on a weekly schedule. A typical one day delivery will include 350 or more films, 500 books, and many other media programs.

BUDGET

The center operates on a yearly budget of $300,000. This includes ESEA Title II and Special Education and Special Needs F software. Operational expenses are provided b charged to the local school districts.

$1,383,605.24 in ESEA Title II funds has 1966.

budget of $300,000. This includes ESEA Title II and Special Education and Special Needs Funds which are used to purchase software. Operational expenses are provided by the county units. No costs are charged to the local school districts.

$1,383,605.24 in ESEA Title II funds has been allocated to the center since 1966.

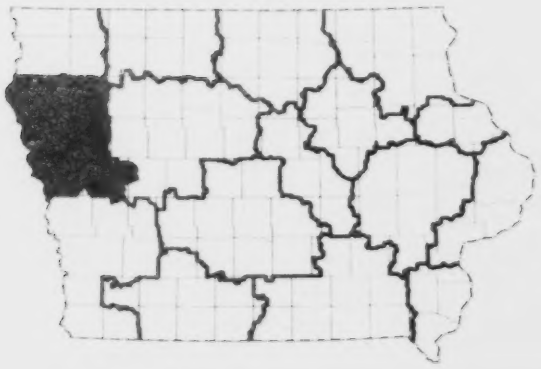
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

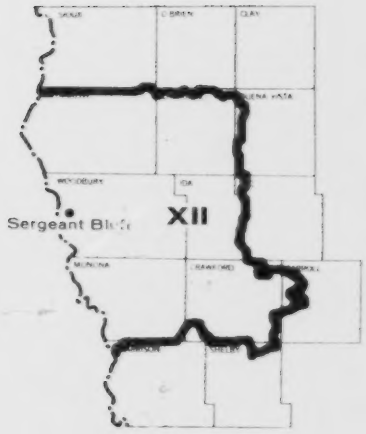
Services of the center are provided to fifty-eight K-12 public school districts and twenty-four nonpublic schools in the area. These school districts and schools have over 125,000 students and 6,700 teachers and administrators in more than 300 school buildings.

The student population in Area XI is the largest served by any of the sixteen centers.

AREA XII

Area XII Educational Resource Center
P. O. Box 42
Sergeant Bluff, Iowa 51054
(712-277-1058)





HISTORY

The first activity of the Area XII Educational Resource Center began in the spring of 1966. It wasn't until summer of that year that the center occupied its first facility, Building 814 at the Sioux City Airbase. Circulation of resources on a full scale basis began in the fall of the 1966-67 school year.

After about four years, the programs offered necessitated moving the center in the summer of 1970 to its present location at the Sioux City Airport where it utilizes 7,000 square feet of floor space. A study to consider new facilities is in progress.

The center is open Monday through Friday, 8:30 a.m. to 5:00 p.m., and on one Saturday per month from 9:00 a.m. to 4:00 p.m.

STAFF

The professional staff includes a director and librarian. A supportive staff of ten members includes a library assistant, three booking clerks, an AV supervisor, two van drivers, a production specialist, an office secretary, and a bookkeeper.

PROGRAM AND SERVICES

Numerous library, audiovisual, and production services are available for loan include books, kits, filmstrips, tapes, fil audiotape, art prints, and special education materials. Producti dry mounting, lamination, photography, vacuum forming, transp tape duplication, and printing. Inservice education is provided t workshops held throughout the year.

PROGRAM AND SERVICES

Numerous library, audiovisual, and production services are available. Materials available for loan include books, kits, filmstrips, tapes, films, transparencies, audiotape, art prints, and special education materials. Production services include dry mounting, lamination, photography, vacuum forming, transparency production, tape duplication, and printing. Inservice education is provided through a variety of workshops held throughout the year.

The Area XII ERC "Bulletin" is distributed periodically to all teachers and schools. Articles are included in the area newspaper, the Sioux City *Journal*. Numerous radio and television spots on local stations are scheduled. The center has its own fifteen minute radio program on station KSCJ every Sunday at 3:10 p.m.

The center schedules and coordinates a half hour ETV program each day throughout the school year using the local station. Time is purchased by the school districts served and programs are leased from major sources.

Area XII also participated in Project INFORMS.

COLLECTION

The present collection consists of approximately 3,200 16mm films; 45,000 books; and almost 6,000 multi-media items, including kits, transparencies, slides, recordings, and art and study prints.

CIRCULATION

Twice a week delivery of materials to each building is largely responsible for the very high total circulation of materials. During the 1972-73 school year, 35,000 16mm films and 100,000 books were circulated among the schools in Area XII.

DELIVERY SYSTEM

A delivery system consisting of three trucks and drivers provides twice a week delivery and pick-up of materials to each building in the area.

BUDGET

of three trucks and drivers provides twice a week to each building in the area.

BUDGET

The operational budget for fiscal 1973 for the center, excluding federal funds, is $133,000. Local funds are used to provide the operating expenses.

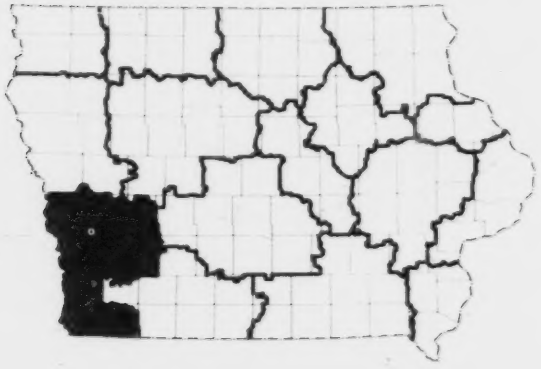
Appropriate print and non-print materials for the center are purchased with the ESEA Title II funds, which have totaled $606,699.96 since 1966.

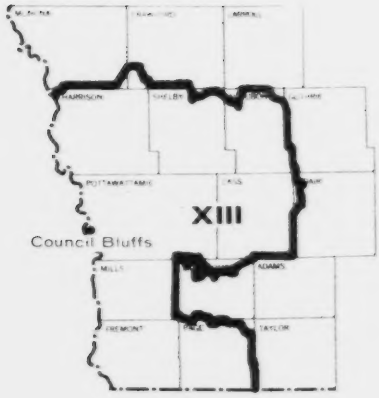
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

The center serves thirty-two K-12 public school districts and twenty nonpublic schools. There are over 42,000 students and more than 3,000 teachers in 128 school buildings.

AREA XIII

Area XIII Educational Services and Media Center
The Halverson Center for Education
Route 1
Council Bluffs, Iowa 51501
(712-366-0503)





HISTORY

Passage of the ESEA Act in 1965 led to the formation of the Southwest Iowa Educational Media Council and the agreement to establish the Media Center.

An old store building at 231 South Main in Council Bluffs was the first home. In 1970 the center moved to its present location, a contemporary cinder block building. The book and film libraries and the equipment maintenance/repair shop occupy 6,713 square feet. Space that appeared to be very adequate three years ago is becoming inadequate for the center's programs and services.

The center is open Monday through Friday from 8:00 a.m. to 5:00 p.m.

STAFF

Starting with a director, an assistant in the book library, and a secretary/film librarian, the staff has grown to include twenty-two. Present staff consists of a director, a secretary, a maintenance technician, three drivers, eight book/library clerks, and eight non-print clerks.

PROGRAM AND SERVICES

Area XIII provides the basic services typi
Media Center. In addition, the center co

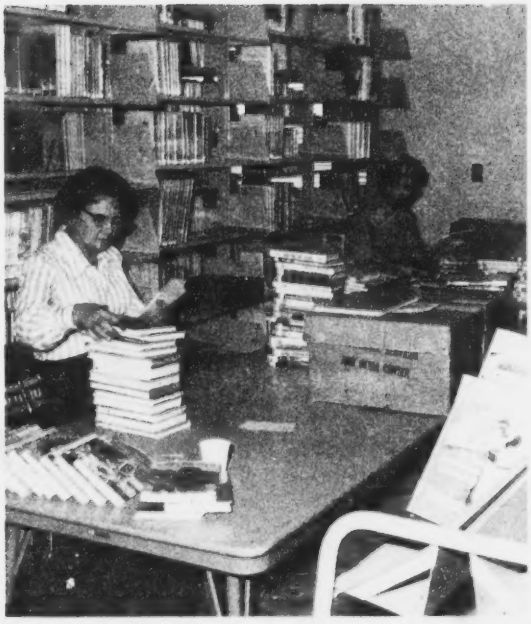
PROGRAM AND SERVICES

Area XIII provides the basic services typical of any Iowa Regional Educational Media Center. In addition, the center coordinates the purchase of selected audiovisual equipment items, maintains an equipment repair shop, and is the agent for a cooperative lease of building level media materials. Other programs are in-service education, INFORMS, and a professional library.

In 1969, the need for frequent communication with area teachers became apparent, a monthly bulletin, "Media Matters," was developed to tell the story of the center and to announce future events. Also incorporated in each issue is an order blank for films, books, and smaller media. Nearly 50% of the teacher orders are on these blanks. "Media Matters" has received two national awards for graphics excellence. Miscellaneous publications include specialized bibliographies, annual reports, and administrative newsletters. Printing facilities and services are made available by the Pottawattamie County Board of Education.



COLLECTION

The book library has approximately 65,000 volumes, while the film library consists of nearly 3,600 films. Substantial quantities of tapes, filmstrips, and slides are also available.

A comprehensive and up-to-date professional library collection coupled with project INFORMS provides area educators with research and information on current education problems.

CIRCULATION

Books are in demand by students and teachers in Area XIII, and 186,000 were circulated during the 1972-73 school year. The film library provided 71,250 16mm films during the same period. Thousands of smaller media items were delivered during this time.

DELIVERY SYSTEM

A delivery system was initiated very early as part of the center's operation. In September of 1969, a third truck was added, allowing twice weekly deliveries to each of the schools in Area XIII. In 1970, a fourth tr flexibility in case of breakdowns or snow emergency runs

BUDGET

Cooperating county boards of education support assessment, contributing about 61% of the total budget other services add another 12%. Approximately 27% of federal sources. The current budget exceeds $300,000.

For the purchase of materials, Area XIII has receive ESEA Title II funds.

BUDGET

Cooperating county boards of education support the center on a per pupil assessment, contributing about 61% of the total budget. Miscellaneous receipts for other services add another 12%. Approximately 27% of the annual budget is from federal sources. The current budget exceeds $300,000.

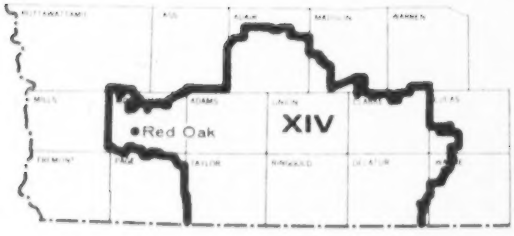
For the purchase of materials, Area XIII has received a total of $680,011.26 in ESEA Title II funds.

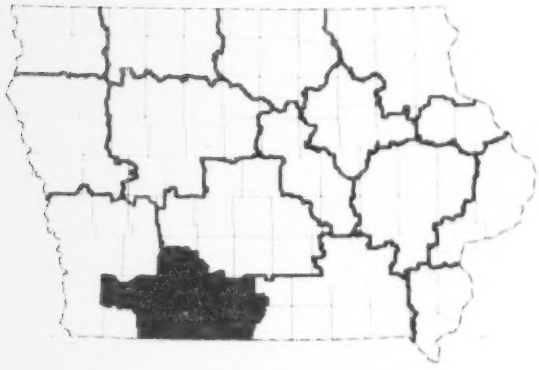
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

The Area XIII Media Center serves thirty-five school districts with a total of 48,000 students and 2,800 teachers in 190 attendance centers located in the eight southwest Iowa counties.

AREA XIV

Southwest Iowa Learning Resources Center
401 Reed Street
Red Oak, Iowa 51566
(712-623-4913)





HISTORY

The Southwest Iowa Learning Resources Center began in 1966 with an ESEA Title III grant under the aegis of the Red Oak Community School District. After the three year grant, the area served formed a non-profit educational corporation and continued the program. The chairman of each of the eight county boards of education serves as a member of the board of directors.

The center has always been in Red Oak. However, in January 1972 the center moved to its present location.

The center occupies three floors of a half-block size building in Red Oak. This houses a planetarium/auditorium production facilities including photographic and printing darkrooms, sound studio, mini-theater viewing room, materials storage, graphics production, offices, and a conference room.

An annex located in Stanton, Iowa, houses the printing production department and the collection of ESEA Title II library books.

The center is open Monday - Friday 8:00 a.m. - 5:00 p.m. and from 8:00 a.m. - 12:00 noon on Saturday. Planetarium programs are held regularly two nights each month from 7:30 - 9:00 p.m.

STAFF

The size of the staff has fluctuated through the years.

Professional staff members include a president, a media consultant/Title II director, a planetarium director, a career ed evaluation, and a reading clinician. Supportive materials coordinators, two drivers, four media t media production supervisor.

PROGRAM AND SERVICES

The center has an extensive library of print loaned to teachers and students. Consultati programs, and production services including print all available. Planetarium programs are scheduled microwave facility are now being added.

A bi-monthly newsletter, "Sound Tracts," administrators in Area XIV and nation-wide t information and promotional programming abou station KMA in Shenandoah.

Displays and presentations are made by th regional and national conferences and conventions

Supportive personnel include two curriculum materials coordinators, two drivers, four media technicians, four secretaries, and a media production supervisor.

PROGRAM AND SERVICES

The center has an extensive library of print and non-print materials which are loaned to teachers and students. Consultative services, in-service education programs, and production services including printing, photography, and graphics are all available. Planetarium programs are scheduled regularly. A cable TV station and microwave facility are now being added.

A bi-monthly newsletter, "Sound Tracts," is distributed to all teachers and administrators in Area XIV and nation-wide to interested persons. Each week, information and promotional programming about the center is broadcast by radio station KMA in Shenandoah.

Displays and presentations are made by the center's personnel at numerous regional and national conferences and conventions.

Special projects at the center include Project Lifelong Learning, Project Discovery, and Project Media Now. In-service training programs and consultative services are available to all teachers and administrators in Area XIV.

COLLECTION

In the center's collection are over 14,500 volumes of library books; more than 3,000 16mm films; and approximately twenty thousand other items, including tapes, kits, and study prints.

CIRCULATION

During the 1972-73 school year, 14,021 books and 27,263 16mm films were circulated. Excluding books, the average number of circulations per teacher was forty.

DELIVERY SYSTEM

Daily delivery of audiovisual materials is provided via van to each building in the twenty-two school districts served in the eight southwest counties in Iowa.

BUDGET

A commitment of $5.00 per student from
education plus $3.00 per student from the

BUDGET

A commitment of $5.00 per student from each of the eight county boards of education plus $3.00 per student from the twenty-two local school districts provides the base support for the center.

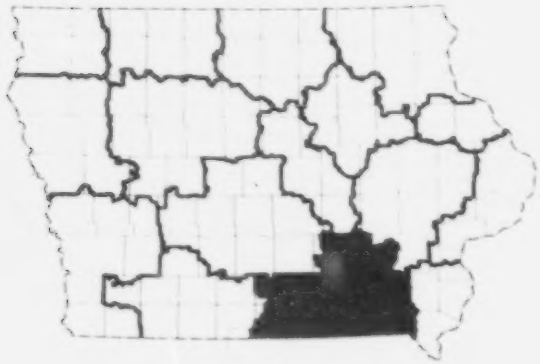
ESEA Title II funds, special projects, grants in-aid and other services supplement the budget. ESEA Title II funds, a total of $247,042.60, are used to purchase materials.

NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Southwest Iowa Learning Resources Center serves twenty-two K-12 public school districts with over 16,000 students and 963 teachers in 72 school buildings.

AREA XV

Area XV Media Center
Building No. 18
Ottumwa Industrial Airport
Ottumwa, Iowa 52501
(515-682-8735)



HISTORY

An ESEA Title III grant and the joint effort of ten participating counties were responsible for organizing the Area XV Media Center in 1966. The Wapello County Superintendent of Schools serves as the sub-agency chairman. The governing body for the center is composed of one member from each of the ten county boards of education.

Since its beginning, the center has been housed in a renovated military barracks at the Ottumwa Industrial Airport near Ottumwa. The facility occupies 12,120 square feet of floor space.

The center is open Tuesday through Friday, 8:00 a.m. to 4:30 and on Monday from 8:00 a.m. to 8:30 p.m.

STAFF

The center is staffed with two professionals, a director/audiovisual coordinator and a librarian. Additional staff members are two film reservation clerks, two book clerks, a library assistant, two secretaries, a maintenance person, a part-time graphic artist, and three van drivers.

PROGRAM AND SERVICES

The primary service of the center is to purchase
enrich the school curriculum. Special attention is given

artist, and three van drivers.

PROGRAM AND SERVICES

The primary service of the center is to purchase materials to supplement and enrich the school curriculum. Special attention is given to those items which are too expensive for each school to purchase. The audiovisual coordinator and librarian provide consulting services and assist schools in keeping abreast of materials at the center.

Graphic services include dry mounting, laminating, lettering, and slide and transparency production.

Teachers are kept informed through "The Area XV News Letter," published monthly, and visitations by professional staff members. Monthly inservice sessions are held, and a small professional library provides information on recent developments in education. In addition, the center participated in Project INFORMS.

COLLECTION

There are 2,822 16mm films; almost 5,000 other audiovisual materials including kits, filmstrips, tapes, and slides; and nearly 45,000 volumes of books in the center's collection. This collection has a total value of $687,545.

The curriculum needs of the schools served are reflected in the present collection.

CIRCULATION

A continual increase in the utilization of materials is evident. The 1971-72 school year saw a 40% increase in circulation over the preceeding year. During the 1972-73 school year, circulation reached 40,000 16mm films and 84,000 books.

DELIVERY SYSTEM

The delivery system consists of nine routes within the ten counties served. Three routes are covered each day, with a complete cycle finished every third day. With the aid of computer services, all orders are printed out by route and school. 16mm films are on a four-day reservation schedule. The loan period for books and other materials varies.

BUDGET

Currently the center is funded on a p participating counties and additional fund Special Needs, and Special Education grants with other federal and state funds received t is budgeted each year for materials, with ad to bring the print and non-print allocation to

dule. The loan period for books and

other materials varies.

BUDGET

Currently the center is funded on a per-pupil assessment from each of the participating counties and additional funds for materials from ESEA Title II, Special Needs, and Special Education grants. The present budget base is $180,000, with other federal and state funds received to supplement it. $35,000 of local funds is budgeted each year for materials, with additional funds from other sources used to bring the print and non-print allocation to $95,000.

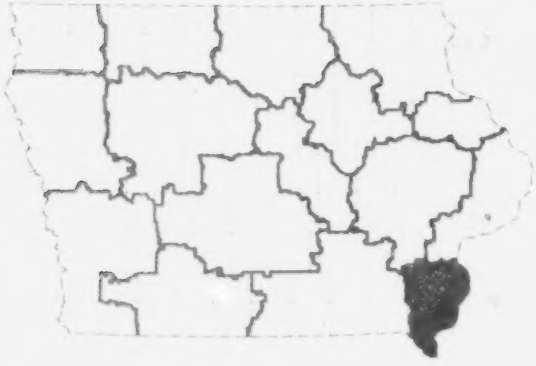
ESEA Title II funds totaling $470,019.69 have been received by Area XV for the purchase of materials.

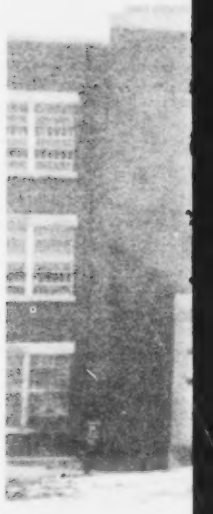
NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Area XV Media Center serves 146 attendance centers in twenty-six K-12 public school districts and nine nonpublic schools. Approximately 35,000 students and almost 2,000 teachers have an opportunity to request materials and services.

AREA XVI

Area XVI Media Center
1200 East Washington Street
Mt. Pleasant, Iowa 52641
(319-385-3169)





HISTORY

Receipt of the first ESEA Title II materials late in 1966 marked the beginning of the Area XVI Media Center. The center and materials were housed in two locations. The Lee County Superintendent of Schools had the film library. An old jail in Burlington, under the supervision of the Des Moines County Superintendent, was the first home of the book library.

With the appointment of a director in 1968, the center was moved to its present location, an unused ward in one of the buildings of the Mental Health Institute in Mount Pleasant. Ample space is available for the current program and services.

The center is open Monday from 7:00 a.m. to 8:30 p.m., Tuesday through Thursdays 7:00 a.m. to 6:00 p.m., and Friday 7:00 a.m. to 4:00 p.m. The first Saturday of each month the center is open from 9:00 a.m. to 1:00 p.m.

STAFF

At first, existing staff in the office of the county superintendent of schools performed the duties of the center. As the need increased and funds became available, additional personnel were added.

The present staff includes a director, audiov
typists, film clerks, film inspectors, booking cler

y from 7:00 a.m. to 8:30 p.m., Tuesday through m., and Friday 7:00 a.m. to 4:00 p.m. The first er is open from 9:00 a.m. to 1:00 p.m.

he office of the county superintendent of schools enter. As the need increased and funds became available, additional personnel were added.

The present staff includes a director, audiovisual supervisor, library supervisor, typists, film clerks, film inspectors, booking clerks, library clerks, and van drivers. Five staff members are full-time and eight are part-time.

PROGRAM AND SERVICES

One of the primary purposes of the center is to provide a comprehensive collection of print and non-print materials to students, teachers, and schools within the area. Other services offered each year are several in-service workshops and exhibits of new materials.

The center publishes and circulates about six newsletters each year. Bulletins, notices of preview materials, and form letters with information of special meetings are distributed frequently. The director and other staff personnel are available to speak to community groups and assist with in-service workshops in schools served by the center.

COLLECTION

Adhering to a philosophy of building an adequate collection of media in one or two areas before expanding, a rather extensive collection of books and 16mm films has been developed.

The current inventory shows a collection of over 36,000 library books and almost 1,200 16mm films. Some 8mm films, filmstrips, and kits are also available.

CIRCULATION

Although accurate circulation information is not available for the first few years, observation, and daily activities confirm the fact that circulation has grown each year. The addition of a delivery system for the entire 1972-73 school year should boost circulation to an all time high.

Records for the 1972-73 school year show the circulation of 55,000 books and an estimated 20,000 16mm films.

DELIVERY SYSTEM

In the beginning, the center mailed films to schools and made books available to those who would pick up and return the materials. Since January, 1972, the center has provided once a week delivery and pick up

building in the area. This has proven to be economical and

center has provided once a week delivery and pick up of all materials to every building in the area. This has proven to be economical and has increased circulation.

BUDGET

The size of the center's budget has increased significantly since 1966. In 1973, the operating budget totaled $72,000. This budget is shared on a pupil-population basis by the four counties. In percentages, Des Moines and Lee Counties each pay forty per cent; Henry County, fifteen per cent; and Louisa County, five per cent.

For the purchase of materials, the center has received $436,058.98 in ESEA Title II funds.

NUMBER SCHOOLS, TEACHERS, AND STUDENTS SERVED

Student enrollment in the area has been dropping steadily. Presently, the center serves seventeen school districts with 83 buildings, 1,452 teachers, and 26,949 students.
